Attempt gain possession officer's weapon:	No		

Was the deceased under restraint in the time leading up to the death or the events causing the death?

Under Restraint: No

Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

The San Antonio Police Department received a tip that the decedent, a fugitive wanted for violent felonies, could be located at the listed location. Covert detectives were able to confirm the decedent's vehicle was at the location. After several hours of surveillance, Covert detectives observed the decedent enter his vehicle. Covert detectives, wearing ballistic vests with "Police" clearly labeled on the front and back, approached the decedent and gave verbal commands to surrender. The decedent immediately began to flee on foot from the detectives. As the decedent was fleeing, detectives noticed the decedent was holding a handgun in his right hand. Detectives relayed this information to other detectives and uniform support who were assisting. As officers chased the suspect, two uniformed officers in an unmarked patrol vehicle made the location to assist in apprehending the decedent. The decedent continued to evade while waving the gun in his right hand and running towards an open and public area. Both officers in the unmarked unit drew their service weapons due to the threat to themselves and the surrounding public. Both officers reported the decedent pointed the gun at them and the officer in the driver seat fired two rounds, striking the decedent. Officers and detectives provided life saving measures until the arrival of EMS. The decedent was transported to a local hospital where he was pronounced deceased by medical personnel.
