Attempt gain possession officer's weapon:	No		

Was the deceased under restraint in the time leading up to the death or the events causing the death?

Under Restraint: No

Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

Officers responded to a residential location after receiving a call for service regarding a disturbance and involving a male subject in possible mental crisis. Upon arrival officers observed two persons standing together in the roadway immediately in front of the residence. They were later identified as the decedent, and a female, who was later determined to be in a relationship with the decedent. Another male was standing in the yard of the residence and was determined to be romantically involved with the female subject. The decedent was armed with an edged weapon that could be described as a sword, and, had a scabbard attached to his belt. The decedent could be heard making threats to harm himself. Officers ordered the decedent to drop the weapon several times, but, he refused to comply with the orders. The female was ordered to move away from the decedent and she complied with those orders. As the female began to move away, the decedent made quick movements wielding the sword. One officer fired one shot from his service weapon and the officer began to move between the decedent and the female. As the officer positioned himself between the decedent and the female, the decedent raised the sword he wielded over his head and in a threatening manner. The officer fired four more shots striking the decedent a total of two times. As the officer was firing his weapon, the decedent threw the sword in the officer's direction. The decedent was incapacitated from the shots fired but remained alive on scene. The decedent was transported to the local hospital and pronounced deceased at that location. Personnel from the Texas Department of Public Safety Ranger Division was requested by the Waxahachie Police Department to conduct the criminal investigation of the incident. That investigation is on-going at the time of this report.
