Attempt gain possession officer's weapon:	No		

Was the deceased under restraint in the time leading up to the death or the events causing the death?

Under Restraint: No

Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

On Friday morning February 13, 2026, at 12:04am Bijzon Brown was arrested for Public Intoxication. A search incident to his arrest revealed he was in possession of Xanax pills that he did not have a prescription for and it was determined he was in Possession of Controlled Substance Penalty Group 3 <28g M/A. Brown was transported to the Richardson Police Department Detention facility at 140 N. Greenville Ave, Richardson TX arriving at 12:20am. A thorough search of Brown at the Detention Facility revealed 3 pills determined to be Alprazolam and a visual search was conducted that located 81 additional pills of Alprazolam concealed in his underwear. It was determined Brown had brought a Prohibited Substance into a Correctional Facility F/3.

During the intake process, Mr. Brown was asked medical questions and his responses indicated he did not have any past or current medical conditions that needed attention, and he denied exposure to illegal drugs. Mr. Brown did not make any statements, outside of the medical questions, indicating he was feeling ill or wanted / needed medical treatment. Brown was changed over into Detention clothing, and he was placed in Detox Cell "T2" where he quickly fell asleep. Between 12:46am and 3:42pm on 2/13/26 thirty guard tours / cell checks of the facility were conducted by Detention staff and Brown was confirmed to be asleep alone in his cell "T2". Additionally, all staff on duty over 2 (12 hour) shifts reported hearing Brown snoring and could hear him breathing. At 3:42pm during a routine guard tour /cell check the Detention Officer checking the Detox cells noticed that Brown was no longer snoring and he was unable to determine if he was breathing. The Detention Officer asked for the door to Detox cell T2 to be opened and he entered the cell along with the second Detention Officer conducting guard tours. Once inside they determined Brown was not breathing, and they were quickly joined by the on-duty Detention Supervisor. An Automatic External Defibrillator (AED) was brought into the cell and Richardson Fire Department Paramedics were requested by the Detention Officer working Master Control. The AED was placed on Brown, and it directed the Officers not to shock him. The Officers began CPR compressions on Brown and continued to do so until RFD Paramedics arrived and took over the life saving measures.

At 4:03pm RFD Paramedics transported Brown by ambulance to Medical City of Dallas Hospital. Richardson Police Department Detectives responded to the hospital and were told that Brown was on a breathing

machine, had no brain activity, and it was believed he may have suffered an Anoxic brain injury. RPD Detectives checked on Brown at the hospital once a day from 2/14 – 2/16 and were told there was no change in his condition. On 2/16/26 the Richardson Police Department was contacted by the Dallas County Medical Examiners office who advised that at 4:36pm on 2/16/26 Brown was declared legally brain dead.
