Was the deceased under restraint in the time leading up to the death or the events causing the death?

Under Restraint:	Yes, mark which restraint devices were used

Type of restraint

Type of Restraint:	Handcuffs

Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

On Thursday, May 9, 2019, at approximately 6:50 p.m., officers responded to an assault just occurred (family violence) at 6722 Ridgeway Drive, 77087. According to the primary officers, they found the complainant badly beaten and once they attempted to speak with the suspect, he quickly became agitated and strongly resisted their attempts to detain him. Both of the officers responded to the resistance by deploying their Conducted Energy Device (CED), and with the aid of arriving officers, were able to take the suspect into custody. Officers summoned HFD to the scene due to their suspicion that the suspect was under the influence of narcotics and due to the CED deployments. While HFD provided initial treatment on scene, the suspect suffered a seizure. The suspect and the complainant were both transported by ambulance to Southeast Memorial Hospital.

On May 10, 2019, the suspect was pronounced deceased (TOD:12:30 am) due to cardiac arrest, by Memorial Hermann medical staff. His cause of death is unknown at this time and is currently being reviewed by Harris County Institute of Forensic Sciences. Preliminary testing conducted by the hospital and Harris County institute of Forensic found the suspect to be under the influence of Phencyclidine (PCP) and Cocaine. The (family violence) complainant suffered severe injuries and is currently being treated. Officers were not injured.
